"CIVIL SERVICE SUPERANNUATION ACT"

April 19th, 1955.

HIS HONOUR the Lieutenant-Governor in Council, by authority of Order in Council No. 865, approved on the 19th day of April, 1955, has been pleased to rescind Regulation No. 1951/1, approved by Order in Council No. 154 on January 23rd, 1951, and, pursuant to the provisions of section 35 of the "Civil Service Superannuation Act," chapter 319 of the "Revised Statutes of British Columbia, 1948," has been pleased to approve the following regulation:—

REGULATION 1955/1

Classification of all employees as provided in section 6 of the "Civil Service Superannuation Act" shall be governed by the following regulations:—

In respect to those employees in service on April 30th, 1955:—

(i) No change shall be made in the classification of any person who is within ten and one-half years of attaining the maximum retiring age; providing such rate of contribution will not produce an allowance in excess of the maximum referred to in the Act:

(ii) Effective May 1st, 1955, all employees shall be reclassified as follows:—

(a) In respect to those whose compulsory retirement age is 65, Class A:

(b) In respect to those whose compulsory retirement age is 60, Class B.

Subject to the foregoing, in every case the rate of contribution as prescribed in Schedule A of the "Civil Service Superannuation Act," shall be based on the attained age of the employee at the time the Act first applies.

No classification shall be made which will reduce the rate of contribution of the employee below 4 per cent.

" RAILWAY ACT "
(Chapter 285, R.S.B.C. 1948)

I, William Ralph Talbot Chetwynd, Minister of Railways for the Province of British Columbia, hereby certify that in the interest of public safety, and pursuant to the provisions of section 160 of the " Railway Act," being chapter 285, R.S.B.C. 1948, I have ordered a flashing-light signal and control circuit to be installed at the intersection of the Pacific Great Eastern Railway Company's tracks and Davie Street, otherwise known as Arterial Highway 47R, in the Village of Quesnel, B.C., as indicated on Plan No. 2331 filed in the Department of Railways, subject to the following conditions:—
1. The movement and control of trains in the vicinity of the aforementioned crossing shall at all times be in accordance with the following:—
(a) On the main line, when approaching from the south, and while within 300 feet of such crossing, 10 miles per hour:
(b) On the main line, when approaching from the north, and while within 200 feet of such crossing, 5 miles per hour:
(c) The movement of all railway traffic over the crossing shall be such so as to afford a 20-second time lapse after the flashing-light signal is in operation before crossing the highway.
2. Cost of material to be borne by the Department of Highways, who will deliver such material to site.

3. Cost of installation and maintenance to be borne by the railway company.

In witness whereof I have hereunto set my hand and seal this fifth day of April, in the year of our Lord one thousand nine hundred and fifty-five.

RALPH CHETWYND,
my5—1894 Minister of Railways.

NOTICE TO CONTRACTORS

NEW WESTMINSTER ELECTORAL DISTRICT

Project No. 533—Trans-Canada Highway, Pattullo Bridge North Approaches, Mile 80.25, including Royal Avenue Underpass.

SEALED TENDERS, marked " Tender for Pattullo Bridge North Approaches," will be received by the Minister of Highways, Parliament Buildings, Victoria, B.C., up to 12 o'clock noon (Pacific Daylight Saving time) on Tuesday, the 10th day of May, 1955, and opened in public at that time and date. Only contractors or contracting firms that have been incorporated and carrying on business in Canada for a period of at least one year prior to the date of tenders are eligible.

Plans, specifications, and conditions of tender may be obtained from the Department of Highways, 635 Burrard Street, Vancouver 1, B.C., or from the undersigned, on deposit of a sum of ten dollars (\$10), which will be refunded on their return in good condition within a period of one month of the receipt of tenders, except in the case of the successful contractor where the plan deposit is not refundable.

Each tender must be accompanied by a certified cheque on a chartered Canadian bank, payable to the order of the Minister of Finance for British Columbia, in an amount equal to ten per cent (10%) of the tender price, as specified in the form of tender. This deposit shall be forfeited if the tenderer declines to enter into contract, or if he fails to complete the work contracted for.

The cheques of unsuccessful tenderers will be returned to them when the contract has been awarded.

Tenders must be made out on the forms supplied and enclosed in the envelope furnished.

Tenderers must submit with their tenders a list stating the type, capacity, and present location (so that inspection can be made if necessary) of the equipment in their possession or at their disposal that is immediately available for the carrying-out of the work within the time-limit specified without in any way curtailing or delaying any Departmental project that may be under contract at this date. No tender will be considered that does not contain this information.

No tender will be accepted or considered that contains an escalator clause or any other qualifying conditions, and the lowest or any tender will not necessarily be accepted.

DEPARTMENT OF AGRICULTURE

NOTICE

NOTICE is hereby given that, by Order in Council No. 793, approved the 5th day of April, 1955, His Honour the Lieutenant-Governor in Council has been pleased to approve the following amendments to the regulations made by the Minister of Agriculture pursuant to the "Creameries and Dairies Regulation Act," chapter 80 of the "Revised Statutes of British Columbia, 1948":—

1. Adding to Regulation 1:—

"(j) 'Tank-truck' means a milk-tank mounted on a motorized vehicle:

"(k) 'Farm holding-tank' means a stationary tank used for storing and measuring milk, such measurements forming the basis for computing the weight of the milk contained in the tank:

"(l) 'Tank-truck operator' means the person who operates or is in charge of a tank-truck."

2. Deleting the words "of every can" after the word "aliquot" in Regulation 14.

3. Deleting Regulation 16 and inserting in its place the following as Regulation 16:—

"16. (a) Every creamery or dairy where milk or cream is bought on a basis of butter-fat content shall have a test-room or place for testing which can be effectively shut off from draught or cross-currents of air, steam, or vapour likely to interfere with accurate weighing of samples or the maintaining of proper temperatures. Where testing-scales are used, they shall be mounted on a table, shelf, or bench free from vibration and having a level surface. The test-room shall be equipped according to the following standards.

"Standard equipment for test-rooms in British Columbia creameries and dairies shall include:—

"(i) All the equipment necessary to operate and complete the Babcock test for milk, cream, skim-milk, and buttermilk as outlined and prescribed in Publication No. 611 of the Canada Department of Agriculture:

"(ii) A level table or shelf of ample dimensions and suitable height on which the tester can carry out his operations without being hampered or crowded:

"(iii) A rust-proof tank large enough to accommodate twenty-four sample-bottles and convenient to hot- and cold-water connections:

"(iv) A sink suitable for washing sample-jars, test-bottles, and other glassware used in testing:

"(v) Suitable racks for holding at least twenty-four test-bottles.

"(b) Every person operating a creamery or dairy where fluid milk is purchased on a basis of its butter-fat content, or where its butter-fat content is a factor in computing the value of the milk, and where such milk is received in containers other than tank-trucks, shall have an approved receiving-tank or weigh-tank into which each patron's milk shall be emptied, thoroughly mixed, and a sample taken immediately therefrom. Before any patron's milk is placed in a receiving or weigh tank, the tank shall be completely empty.

"(c) *Farm Holding-tanks.*—(1) All farm holding-tanks shall be constructed and installed in such a manner that a measurement taken of the contents by a prescribed method with an approved gauge will at all times correspond with a predetermined number of pounds of milk within the tolerance amounts shown in the following table:—

Pounds of Milk	Pounds of Tolerance
0 to 1,500	3
1,501 to 3,000	4
3,001 to 4,500	5
4,501 to 6,000	6
6,001 to 7,500	7
7,501 to 9,000	8

"(2) For the purpose of securing a representative sample, every farm holding-tank shall be equipped with a motor-driven agitator of such

speed and design as to provide adequate agitation without splashing or churning the milk to restore uniformity of milk fat content throughout the tank within three minutes of starting.

"(3) All farm holding-tanks shall be so constructed that accurate measurements of the contents may be made at one point in the tank by means of a measuring device approved by the Department.

"(4) Farm holding-tanks shall be firmly anchored to the floor to prevent any movement likely to interfere with the accuracy of measurement, and no such tank shall be moved vertically or horizontally except by permission of and under the supervision of a Dairy Inspector. The floor shall be so constructed of reinforced concrete as to withstand any settling or heaving likely to affect the level of the tank.

"(5) (i) All measuring-rods used to measure milk in farm holding-tanks shall be of stainless steel or such other material as may be approved by the Minister, and shall be graduated in inches and fractions of an inch.

"(ii) Graduation marks shall be plainly milled or stamped in inches, half-inches, quarter-inches, and eighth-inches.

"(iii) In addition to the graduations specified in subclause (ii), all measuring-rods used in farm holding-tanks of over five hundred gallons capacity shall be graduated in sixteenth-inches.

"(iv) Graduation marks designating quarter-inches shall be twice the length of those designating eighth-inches, and marks designating half-inches shall be twenty-five per cent longer than those designating quarter-inches. Marks designating inches shall have the appropriate numerals stamped opposite and in line with the mark.

"(v) Numerals designating inches scribed on measuring-rods shall be from bottom to top.

"(vi) There shall be posted on the wall of the dairy wherever a farm holding-tank is installed a chart showing the name of the manufacturer of the tank, the serial number of the tank, and a scale of inches representing those shown on the measuring-rod and with space opposite these figures for inserting the number of pounds of milk represented by measurement and calibrated by an inspector of weights and measures, or by a person specially qualified to calibrate holding-tanks. The exact location of the farm holding-tank in the dairy shall be shown on the chart. This chart shall be kept under a transparent cover and protected from moisture.

"(vii) Each farm holding-tank shall be permanently marked at the gauge point where the measuring-rod was inserted for calibration, and all measurements of milk shall be taken at this point.

"(viii) The measuring-rod shall be fixed in a holder at the gauge point on the inside wall of the tank so that the maximum swing of the rod at the lower end shall not exceed the following: Three-quarters of an inch for a rod thirty inches or less in length; one and one-quarter inches for a rod over thirty inches but under sixty inches in length; one and one-half inches for a rod over sixty inches in length.

"(6) *Tank-truck Operators.*—Every person who transfers milk from a farm holding-tank to a tank-truck shall be the holder of a special certificate endorsed by a Dairy Inspector in the Department of Agriculture and stating that he has successfully passed an examination in the care and handling of milk and is qualified to take such samples as are required and to determine the grade of milk in so far as a sensory examination will permit.

"(7) *Measuring and Sampling.*—Every tank-truck operator shall:—

"(i) Before transferring any milk from a farm holding-tank to a tank-truck, remove the measuring-rod and wipe it clean with fresh tissue or paper towel;

"(ii) Reinsert the rod in the milk at the gauge point, withdraw the rod, read and record the measurement of milk as indicated by the surface line:

"(iii) Cause the milk to be agitated for not less than one and one-half minutes and take a composite sample of not less than four ounces made up of samples of equal size from each end and the middle of the tank;

"(iv) Store the sample in a tightly stoppered approved container at a temperature above freezing and below 50° F. for delivery to the test-room of the dairy to which the milk is consigned;

"(v) Take such other samples as are required;

"(vi) Read and record the temperature of the milk in the tank;

"(vii) File with the owner of the milk a copy of the record showing the date of pick-up, the measurement in inches and fractions thereof, the weight in pounds as shown by the chart, and the temperature of the milk;

"(viii) If he finds milk in a farm holding-tank which, in his opinion, would be detrimental to the quality of milk in the tank-truck or to be placed in the tank-truck, notify the owner of his decision and leave the milk in the farm holding-tank.

"(d) (i) No person shall purchase a farm holding-tank for milk or a tank-truck for hauling or transferring milk without first obtaining a written permit from the Minister.

"(ii) Farm holding-tanks and tank-trucks shall conform to 3A Sanitary Standards as formulated by the International Association of Milk and Food Sanitarians, Incorporated, United States Public Health Service and the Dairy Industry Committee.

"(e) Where existing milk-houses are to be used or remodelled for the housing of farm holding-tanks, plans shall be submitted to the Minister showing the location in relation to other buildings, the floor area, the height of ceiling, the location of doors, windows, plumbing, floor drains, hose-port, ventilators, the proposed position of the farm holding-tank, and the location of other equipment installed or to be installed in the building. This information shall be in addition to the requirements of section 4 of the Act.

"(f) Specifications for a milk-house in which a farm holding-tank is installed shall include a minimum area of twelve feet by fourteen feet for tanks rated at three hundred gallons capacity, and proportionately larger for larger tanks, reinforced-concrete floor with a gradient of not less than one-quarter inch to one foot to the drain. All drains shall be four inches or more in diameter and properly trapped. All walls shall be of concrete construction for at least four feet above the floor (concrete blocks permitted). All walls shall be sealed with a water-proof seal. Ventilation and light shall be adequate, including an electric-light outlet directly over each holding-tank. The hose-port shall be fitted with a self-closing trap-door. The main door shall be self-closing and large enough for a tank to pass through, or a removable portion of a wall may be used for this purpose. There shall be a reinforced-concrete slab equipped with suitable drainage and large enough to accommodate a tank-truck on the loading side of the milk-house. This concrete slab shall extend to and be coved at the foundation wall beneath the hose-port. All windows shall be screened with galvanized or copper screens.

"(g) Equipment and services in a milk-house in which a farm holding-tank is installed shall include double wash-sinks with mixing-taps supplying hot and cold water; a hot-water tank of not less than thirty gallons capacity or an adequate supply of steam from a steam-boiler in a separate room; a dairy hose connected to mixing-valves and long enough to use for rinsing the tank; a hand-basin with faucets supplying hot and cold water; soap and paper towels in dispensers; a cabinet for milk records. All wash-tanks and hand-basins shall be connected to the underground drains and properly trapped.

"(h) A minimum of two feet clearance shall be provided between the sides of the tank and any wall of the milk-house, and adequate additional space allowed for normal milk-house operations.

"(i) Where a surface cooler is used apart from the holding-tank, it shall be mounted at least two feet from the tank and shall have a clearance of at least thirty inches between the top of the pouring-tank and the ceiling.

"(j) Portable coolers shall not be located or used directly over the farm holding-tank.

"(k) Farm holding-tanks or tank outlets shall not be located directly over or close to floor drains."

4. Inserting after the word "milk-tester's" in the first line of Regulation 5 the words "or for a milk-grader's," and after the word "milk-tester's" in the fourth line the words "a milk-grader's."

5. Deleting Regulations 10 and 11 and inserting the following as Regulations 10 and 11:—

" EXAMINATION OF APPLICANTS FOR MILK-GRADERS' LICENCES

" 10. The examination for a milk-grader's licence shall consist of a laboratory exercise and a written test of the knowledge of the applicant, and in every case shall include a practical demonstration by the applicant of his ability to grade milk. The written test shall extend over a three-hour period, in which the applicant shall be required to answer a series of questions on the grading of milk and shall include questions on the sampling of milk for various quality tests and for butter-fat tests. The practical demonstration shall extend over a three-hour period and shall consist of actual grading of milk according to the standards prescribed herein and of the taking of samples for quality and other tests according to the provisions of the Act and the regulations in force thereunder relating to milk-graders and grading.

" 11. Every milk-grader's licence shall expire on the first day of January next following the date of issue, and shall be in the form following:—

MILK-GRADER'S LICENCE

This is to certify that _____, of _____, in the Province of British Columbia, having successfully passed the prescribed milk-grader's examination, is licensed to perform the duties of a milk-grader within the said Province until the 1st day of January next, pursuant to the provisions of the "Creameries and Dairies Regulation Act," and amendments thereto and the regulations in force thereunder.

Dated at Victoria, B.C., this _____ day of _____, 19 _____.

Minister of Agriculture.

Countersigned, _____

6. Inserting after the word "milk-tester," in the first line of Regulation 12, the words "every milk-grader," and after the words "the testing of milk," the words "the grading of milk."

7. Inserting after Regulation 20, Regulations 20A, 20B, and 20C, as follows:—

" GRADING OF MILK FOR FLUID TRADE

" 20A. Every person who purchases milk which, after pasteurization, is to be sold to the fluid trade shall examine or cause to be examined such milk according to the following method and standards:—

"(1) All milk received in cans shall be examined within two hours after its arrival at the dairy to which it is consigned:

"(2) Milk received in tank-trucks shall be examined in the farm holding-tank before transferring to a tank-truck:

"(3) The examination carried out under clauses (1) and (2) of this regulation shall be for undesirable or objectionable flavours or odours and for physical defects such as visible butter granules, evidence of blood infusion, insects or other vermin, coagulation of casein, a frozen or partly frozen condition, melted fat, or objectionable matter of any description:

"(4) Any milk that, after proper examination by a grader, does not meet the requirements for the standard for milk for fluid trade prescribed by these regulations shall be set aside for manufacturing purposes or shall be returned to the producer:

"(5) In addition to any examinations made according to clauses (1) and (2) of this regulation, every person who purchases

milk which, after pasteurization, is to be used for fluid trade shall at least once during each half-monthly butter-fat test period take samples from each producer's milk and shall test such samples for sediment content, and for Resazurin reduction time:

"(6) If samples taken according to clause (5) of this regulation show that the milk tested does not conform to the standard prescribed by these regulations for raw milk to be pasteurized for fluid trade, the person who purchases milk for such purpose shall notify the producer of the milk of the result of the tests and that further tests will be made within seven days. The person who purchases milk for pasteurizing shall take further samples within seven days, and the results of the tests of such samples shall be used to determine the classification of all the milk purchased from that producer during the half-monthly test period for which the test was made.

" STANDARD FOR RAW MILK FOR PASTEURIZING FOR FLUID TRADE

" 20B. Raw milk to be pasteurized and used for fluid trade shall include any lot of milk which is non-frozen, sweet and clean in flavour and odour, and suitable for household use and have none of the physical defects listed under clause (3) of Regulation 20A. The sediment test shall be not more than is indicated by 'fair' or 'fairly clean' on the standard sediment comparator. The reduction time to pink (PRP 7/8, Munsell colour standard) on the Resazurin test shall be more than three hours when incubated at 35.5° to 35.7° C., and the test otherwise made according to 'Standard Method for the Examination of Dairy Products' latest edition.

" 20C. All milk which has been rejected and is to be returned to the producer from whom it was received shall be coloured by means of a harmless edible dye and shall be accompanied by a written statement as to the reason for rejection."

Regulations 20A, 20B, and 20C shall not come into force until the first day of October of the year one thousand nine hundred and fifty-five.

NOTICE is hereby given that, by Order in Council No. 866, approved the 19th day of April, 1955, His Honour the Lieutenant-Governor in Council has been pleased to approve the following amendments to the regulations made by the Minister of Agriculture pursuant to the "Creameries and Dairies Regulation Act," chapter 80 of the "Revised Statutes of British Columbia, 1948":—

1. Deleting subclause (i) of clause (d) of Regulation 16, and substituting the following:—

"(i) No person shall install or use, for the holding of milk for sale, a farm holding-tank before obtaining from the Minister a permit approving of the premises and the installation and use of such holding-tank. The owner or lessee of a tank-truck shall not operate such truck for the conveyance of milk without first obtaining from the Minister a permit to do so."

2. Adding to clause (e) of Regulation 16, after "Minister," the words "for his examination and approval."

3. Adding to clause (5) of Regulation 20A the words "or for the standard plate count."

4. Deleting Regulation 20B, and substituting therefor:—

" 20B. Raw milk to be pasteurized and used for fluid trade shall not include any lot of milk which is sour, unclean in flavour or odour, or otherwise unsuitable for household use, and it shall have none of the physical defects listed under clause (3) of Regulation 20A. The reduction time to mauve pink (P 7/4, Munsell colour standard) by means

of the Resazurin test shall be more than three hours when incubated at 35.5 to 35.7° C. and the test otherwise made according to 'Standard Methods for the Examination of Dairy Products' latest edition. Where the standard plate count is employed, the count shall be not more than 200,000 (colonies) per ml."

LEGISLATIVE ASSEMBLY

PRIVATE BILLS

EXCERPT FROM STANDING ORDERS RELATING TO PRIVATE BILLS

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

(a) A printed copy of such Bill:

(b) A copy of the petition to be presented to the House:

(c) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10³/₄ inches by 7¹/₂ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated January 5th, 1949.

E. K. DEBECK,
Clerk, Legislative Assembly.

The locality in which the operations of the Society will be chiefly carried on is in the lower mainland and Fraser Valley areas of the Province of British Columbia.

Given under my hand and seal of office at Victoria, Province of British Columbia, this twenty-second day of April, one thousand nine hundred and fifty-five.

[L.S.] S. W. TAYLOR,
Registrar of Companies.

The objects of the Society are:—

(a) To advance the moral and religious welfare of its members and the community under Christian principles according to the tenets of the Lutheran Faith:

(b) To build and maintain a church and other facilities for the use of the congregation:

(c) The congregation believes that the Holy Scriptures, that is to say, the Canonical Books of the Old and New Testaments, are the revealed Word of God, and the only true and infallible standard in matters of doctrine, faith, and morals; this provision of the constitution shall be unalterable.
